RAYAN ZARRIN SINA

Knowledge-Based Company

Non-Toxic Pest Control & Hygiene Solutions

OFFICIALLY LICENSED KNOWLEDGE-BASED MANUFACTURER
Ministry of Industry, Mine and Trade — Islamic Republic of Iran

Rayan Zarrin Sina is an Iranian knowledge-based company producing a full line of non-toxic, environmentally responsible pest-control and hygiene products for households, municipalities, farms, and livestock. Our flagship product — a non-toxic nano-powder rodenticide — holds an official Knowledge-Based Production License issued by Iran's Ministry of Industry, Mine and Trade.

Product & Export Catalog

Official Knowledge-Based Production License

Issuing Authority	Ministry of Industry, Mine and Trade — Tehran Province Directorate
License Type	Knowledge-Based Production License
License No.	40594
Issue Date	1401/12/13 (Iranian calendar)
Beneficiary Company	Rayan Zarrin Sina Co. (Limited Liability)
Registered Product	Formulated Rodenticide (Nano Powder Rat Killer) — ISIC Code 24211412533
Licensed Annual Capacity	2,160 tons / year
Facility Location	Tehran Province, Shahriar County, Sa'idabad, Shahid Beheshti Blvd.

This license confirms that Rayan Zarrin Sina's rodenticide product has been formally reviewed and approved as a knowledge-based (innovation-driven) product by the Iranian government, in accordance with the resolution of the Cabinet of Ministers (Board of Ministers Decision No. 120997/T48608H, dated 94/09/15). The product holder is required to comply with all applicable environmental regulations and standards.

A certified copy of the original license document is available upon request for due-diligence, customs, or regulatory purposes.

Non-Toxic Nano-Powder Rodenticide

Brand: "ShockBoom" — Our Flagship Knowledge-Based Product

✓ Free of hazardous poisons — safe for humans, livestock, and the environment

✓ High palatability: rats are strongly attracted due to its taste and a range of scent variants

✓ No visible carcasses: rats typically die inside their burrow or a safe hiding place, not in the open

✓ Environmentally safe: the powder's light, silk-like texture dissolves harmlessly if exposed to rain, flooding, or irrigation water — no groundwater contamination

✓ No bait-shyness: a delayed time gap between consumption and death prevents rats from associating illness with the product, so they keep feeding normally

✓ No secondary poisoning risk to predators or scavengers that may consume a treated rat carcass

✓ Cannot be hoarded: because it is a fine powder, rats are unable to store it the way they store solid bait

✓ Post-use benefit: residue left in the soil after feeding acts as a nutrient-rich additive for gardens and farmland

✓ Long shelf life, provided the product is kept away from direct moisture or water exposure

Officially licensed Knowledge-Based product · Licensed annual production capacity: 2,160 tons

Fly Trap

Non-Toxic, Reusable Outdoor Fly Trap

- ✓ Easy and safe to use
- ✓ Superior attraction power — up to 3x more effective than comparable imported products
- ✓ Contains no toxic substances
- ✓ 100% organic composition
- ✓ 100% effective
- ✓ Completely odorless
- ✓ Requires no electricity or power source
- ✓ Controls and eliminates close to 25,000 flies per unit
- ✓ Attractant powder refill available for separate purchase
- ✓ Transforms your property into a fly-free environment

Herbal Anti-Lice Shampoo

Plant-Based Lice Treatment for Scalp and Hair

✓ Completely safe, non-hazardous formula

✓ Strengthens hair and nourishes the scalp

✓ Significantly more cost-effective than competing anti-lice shampoos

✓ Pleasant natural fragrance

✓ Requires only 1–2 applications for full results, compared to 5–7 applications typically needed with other products

Salt-Based Sewage Roach Control Solution

Fast-Acting Treatment for Drains and Sewage Systems

- ✓ Designed for use in sewage lines, drains, sinks, toilets, and bathrooms
- ✓ Effective against large sewage/drain roaches (American cockroach) and drain flies
- ✓ Long-lasting effect thanks to its salt-granule formulation
- ✓ Extremely fast-acting — effective in under 15 minutes
- ✓ Affordable, budget-friendly pricing

Contact Solution for Household Insects

Non-Toxic Spray for Common Indoor Pests

✓ Non-toxic formula

✓ Eliminates common household pests including ants, small kitchen roaches, bed bugs/lice, mites, and more

✓ Effective immediately upon direct contact with the insect

Insect-Repellent Solution for Livestock & Pets

For Cattle, Horses, Dogs, and Cats

- ✓ Non-toxic and completely safe for humans, animals, and the environment
- ✓ Protects cattle, horses, dogs, and cats for 5–10 days if not washed off
- ✓ Prevents insect attacks, particularly from mosquitoes and flies
- ✓ High performance and efficiency
- ✓ Cost-effective
- ✓ Gentle on skin, and also helps heal existing wounds on the skin of treated animals

Export & Distribution Inquiries

Rayan Zarrin Sina welcomes inquiries from international distributors, importers, municipalities, and agricultural cooperatives interested in our non-toxic pest control product line. We are able to supply:

- ✓ Bulk / wholesale orders with export packaging
- ✓ Product samples and independent laboratory test reports upon request
- ✓ Private-label and custom packaging options for qualified distributors
- ✓ Full technical documentation (Safety Data Sheet, composition summary, licensing documents)
